Karger : Neural Mechanisms of Salivary Gland Secretion (Frontiers of Oral Biology, Vol. 11) p missionary progress opportunity and urgency classic reprint neural mechanisms of salivary gland secretion frontiers of oral biology vol 11 library download book pdf and neural mechanisms of salivary gland secretion frontiers of oral biology vol 11 document about neural mechanisms of salivary gland secretion frontiers of Neural Mechanisms of Salivary Gland Secretion (Frontiers of Oral Biology, Vol. 11):

Saliva is essential for oral health and influences all events in the mouth In 1850 Ludwig discovered that autonomic nerve impulses evoke salivary secretion and all work since has shown that the nerves normally control the flow and protein output of saliva This publication written by international experts is the first one devoted to the neuroglandular mechanisms of this control The chapters contained deal with the intimate details of the nerves and their different
